S4 Inc. will be exhibiting at AFCEA's CYBERSPACE 2011 Symposium to be held Feb. 8 – 10 at the Broadmoor Hotel in Colorado Springs. The theme for this year's symposium is "Mission Assurance in Cyber and Space".

The 2011 program features participants from the Office of the Secretary of the Air Force, US Strategic Command, Headquarters Air Force Space Command, US Northern Command, and the Defense Information Systems Agency. Thought-provoking panel discussions will be chaired by some of the most elite minds in today's cyber and space community. Over 1300 participants and exhibitors are expected to attend.

S4 Inc. will be showcasing their capabilities in Advisory and Assistance Services; IT & Program Support; Cyberspace Planning & Policy; Network & Information Security; and Information Assurance/ CND / CNE in **Booth 21b**. Key personnel will be available to discuss the Information Domain-based Solutions and Services that S4 has to offer.
