S4-SDC-JV awarded GSA OASIS SB Pool 3 contract

Bedford MA (July 23, 2020) – S4-SDC-JV LLC, a small business joint venture of S4 Inc. and Solutions Development Corporation (SDC), has been awarded a General Services Administration (GSA) One Acquisition Solution for Integrated Services (OASIS) Small Business (SB) Pool 3 contract. This multiple award, Indefinite Delivery Indefinite Quantity (IDIQ) contract provides flexible and innovative solutions for complex professional services through task order competitions.

OASIS is a government-wide contract created to provide all Federal agencies with streamlined access to a broad spectrum of complex professional services for both commercial and non-commercial needs. The contract scope includes the following core disciplines: program management services; management solutions; logistics, engineering, scientific, and financial services; as well as ancillary services such as Information Technology.

"We are excited to get started," said Chandu Shah, President & CEO of S4 Inc. "The S4-SDC-JV is structured to best support the highly complex requirements of OASIS. We are ready and welcome this opportunity to support Government customers as S4-SDC-JV LLC."

"We were elated when we received the news that our Team qualified to be a part of this effort," said Gentry Barnes, President & CEO of SDC. "We worked hard to get to this point and look forward to the opportunities that lay ahead. We believe in adding value in every situation and hope to positively impact several programs and multiple Agencies as a consequence of this award."

About S4-SDC-JV LLC

S4-SDC-JV LLC is a small business joint venture (JV) formed by S4 Inc. and Solutions Development Corporation (SDC) to provide best value OASIS Pool 3 Services to US Government customers. S4-SDC-JV brings over 23 years of experience supporting DoD, DHS and other US Government customers on task order contracts like OASIS, ensuring Day One familiarity with both customer and vehicle requirements. Together, we offer best-in-class expertise to accomplish complex professional, technical and engineering tasks such as those presented under GSA OASIS.
