## **S4 Inc. commemorates 23-year anniversary**

Bedford, MA April 12, 2022— S4 Inc., a small disadvantaged business specializing in Enterprise IT, Cybersecurity and Professional Services, is celebrating its 23-year anniversary. Started in 1999 with just one full time employee, S4 Inc. has grown into a multi-million dollar defense contractor serving Department of Defense, Department of Homeland Security, and other US Government agencies across the United States.

The company's focus is on delivering value added solutions to both peacetime planners and war fighters that enhance capabilities and facilitate mission success. Some of S4's most recent accomplishments have included the capture of GSA's 8(a) STARS III contract. This prime contract offers yet another way for S4 Inc. to provide support to our customers quickly and efficiently. In addition, S4 was awarded ISO 27001 certification for Information Security Management Systems. The company passed its ISO 9001 recertification audit as well and will remain ISO 9001:2015 certified for Quality Management Systems until 2025.

S4 Inc. recognizes that we could not have achieved this milestone without the support of our customers, partners, and employees, and extends our gratitude to all who have helped us get where we are today.

### **About S4 Inc.**

S4 Inc. is a Small Disadvantaged Business (SDB) specializing in Enterprise Information Technology (IT) Services, Cybersecurity, and Professional Services.

S4 delivers mission critical support to the Department of Homeland Security (DHS), the Department of Defense (DoD), the US Government, and subordinate agencies and commands. We have assembled the resources and domain knowledge to deliver leading edge solutions to both peacetime planners and war fighters within scope, on time and within budget. Headquartered in Bedford, MA, S4 has offices in Ashburn, VA; Colorado Springs, CO; Dayton, OH; Huntsville, AL and Omaha, NE, as well as project sites across the United States.
